## GC Man, 70, Killed By Train At 25th Street

### G. Ledergerber Rushing Home With Medicine For Invalid Wife

Gus Ledergerber, 70, of 2532 Circle drive was killed at 2:20 p.m. Friday when he was struck by a Burlington Railroad freight train at the West 25th street crossing.

A witness found police that Ledergerber began running across the tracks, apparently to avoid waiting for the train to pass. He was hurled about 100 feet. Deputy Coroner Henry Pieper pronounced him dead at the scene.

Mr. Ledergerber, it was learned, was returning home from a downtown drug store where he had gone to buy insulin for his invalid wife, Nell.

**Insulin Due At 3 p.m.**

He regularly gave her the injections and one was due at 3 p.m. Members of the family said in time to give the shot.

Because city auto license sales totaled nearly 2000 on Friday and Saturday, Granite City Police Chief Edward Fahrenholz, issued the crackdown but said today that police will begin this week to arrest motorists failing to display the 1963-64 windshield stickers.

City auto license sales now total more than 9700. Last year 11,709 were sold to auto owners. The city license cost is \$3.

**GUS LEDERGERBER, 2532 Circle drive, who was killed at 2:20 p.m. Friday, when he was struck by a freight train at the West 25th street rail crossing.**

He probably tried to beat the train so he would arrive home in time to give the shot. The witness, Earl French, 2541 Adams street, said the crossing gates were down. He had halted his vehicle when he saw the victim begin to cross the tracks. The train was traveling north.

The engineer and fireman on the train were identified as William Burger and Corrie Kraman. An inquest is to be set by Pieper.

Born in St. Louis, Mr. Ledergerber lived in Granite City 33 years. (Continued on page 3, col. 3)

## Six Holiday Mishaps, Boy, 10, Loses 5 Toes While Hopping Freight

Stephen Davis, 10-year-old son of Mr. and Mrs. Boyd Davis, 1008 Third street, lost five toes of his right foot as he tried to hop a moving freight train Thursday morning about 75 yards south of the Terminal Railroad overpass in Venice.

He was taken to St. Elizabeth Hospital by police for emergency treatment and then was transferred to Cardinal Glennon Memorial Hospital, St. Louis, where surgery and skin graft was performed Thursday night.

The boy fell as he and a companion were boarding the train. The end of his right foot was mutilated. Doctors said the foot may have to be amputated if it becomes infected.

The companion, Gary Hyden, son of Mr. and Mrs. Willie Hyden, 1015 Third street, Venice, carried young Davis into Lee Park where they were found by two park employees who took him to the police station.

Notice of the picnic plans was given by the city officials and a meeting that afternoon between the city and business representatives.

Arthur Crouch, assistant business representative, said that afternoon between the city and business representatives.

Today's statement said Local 325 had been "reluctantly" forced to accept the railroad's decision favoring the teamsters. The school turn off of 20th street when he was struck by Edwards who went through a collision with a truck.

## True Purpose Of Memorial Day Stressed By 2 Speakers

(Pictures on page 2)

The true purpose of Memorial Day was stressed by both speakers at St. Elizabeth Hospital Thursday morning in Granite City, Madison and Venice.

In paying tribute to those who died while serving the country, G. H. Sternberg, Seventh Ward alderman, who spoke at the Granite City program, pointed out that the day also takes the form of honoring the living.

"Those who work in the plants, the offices, the schools, the homes of our children, are faced with problems every day," Sternberg said. "The day is a reminder to us that we are not alone in our struggles. It is a day to honor the living and to remember the dead."

## Ill. Board Says GC Must Act By June 24

### Treatment Plant Date Eased; But Penalty Still Could Be Imposed

Granite City will have until the week of June 24 to present a definite program on pollution abatement to the state Sanitary Water Board, it was announced by Charles W. Moerlein following Wednesday's 90-minute conference of Springfield.

Moerlein, who is chairman of the city council's new Pollution Study committee, said SWB officers were disappointed with the city's delay in beginning work on a treatment plant but indicated the June deadline would be eased.

The SWB officer, Douglas Morton told the committee that Granite City's problems would be presented to the board at its July 10 meeting. He said it would be up to the official board to determine if the city would be penalized for not meeting the June 1 deadline for presenting construction plans and evidence of a bond issue to finance the work.

Morton indicated that "due consideration" would be given to Granite City's problem on pollution—the disagreement over hiring an engineering firm to design a sewerage treatment plant and the sewerage treatment plant.

EAGLE PARK ACRES FIRE which destroyed this five-room frame home Thursday night.

An Illinois Power Co. crew using a snorkel truck is shown disconnecting an electric line in failure to save the home. Water service to the area is being sought, with June 30 the deadline for residents to deposit their payments.

## Eagle Park Home Burns Down Due To Lack Of Water

Absence of fire hydrants at Eagle Park Acres made the difference in an unsuccessful effort to save a burning home there Thursday night. It was learned from Venice Fire Chief Michael Leatherman.

The fire truck, containing 300 gallons of water was used to fight the blaze at the one-story, five-room frame residence of Willie White at the southern end of Hill street.

Leatherman noted that the fire had caught in time, but we ran out of water," the chief related. By the time the firemen had refilled the truck and returned to the scene, the fire was out of control.

A power line leading to the home burned, creating electric "fireworks" for spectators who had been attracted to the area. An Illinois Power Co. crew disconnected the line at a nearby utility pole.

No one was home at the time of the 9:50 p.m. fire, and firefighters had moved butane tanks away from the house, but while they were gone the heat became so intense that the tanks caught fire.

## Boys Camping Out Aid GC Police With Arrests

Two depot soldiers are in the process of being questioned further by Granite City police. They were arrested about 3:25 a.m. Memorial Day through the alertness of three youngsters who saw them break a glass at a service station on Ponton road.

The youngsters who were caught up in a yard near the Schenck-Butler service station, 2700 Ponton road, alerted their parents who notified police. The boys, ages 10 to 12, gave the officers detailed descriptions of the two men and their auto.

While police were talking to the youths, an auto answering the description drove by the station. The two men in the auto were taken into custody. Entrances had not been searched at the station.

Police Chief Raymond Willard declined to identify the youths but said they were worthy of praise for getting the detailed descriptions. He identified the soldiers as Richard Nichols and Lynn Oberhiser and said warrants will be obtained against them, possibly today. He said they admitted damaging the station.

Thrift of heavy construction service equipment belonging to A. H. Spelhof Co., 2301 Adams street, from a county bridge project at Moro was reported last week to county authorities.

The equipment, consisting of dozers and graders, a heavy duty truck, grader and two five-gallon cans of oil. The equipment was damaged when the batteries were removed.

A burglar forced open the front door of Stanley's restaurant, Route 162 at State and 35th, obtaining an unknown amount of money from cigars and bowling machines, the sheriff's office was notified at 7 a.m. Sunday.

Five police arrived at the scene, and Duke XII, a member of the canine corps, was sent into the building to investigate. A patrolman who went to the top of the one-story building saw a man climb out of a rear window.

He fired one warning shot, and when the man began running, he fired again and a bullet struck Fahrenholz in the back. Other policemen also fired shots in apprehending the other two men.

A bag containing burglary tools was found in the warehouse. Police said the men apparently tried to break through the wall of the warehouse to enter the sandwich shop.

Fahrenholz, who lives at 400 State street, Madison, has a long record of arrests for burglary and safe-cracking.

## Knifing, Beating Fatal To Local Man

### Ernest Emery Jr., 26, Dies After Being Found Sunday In E. St. Louis

A watch and a white auto are being sought today by East St. Louis police and railroad authorities investigating the mysterious slaying of Ernest Emery Jr., 26, Madison.

No suspects in the savage beating-knifing have been located, found shortly after 7 a.m. Sunday lying near his blood-stained auto and a blood-coated fence, the railroad firemen died at 9:15 the same morning at St. Mary's Hospital, East St. Louis, without regaining consciousness. The attack in an alley near the 1200 block of Falling Springs road, East St. Louis, apparently occurred about 11:30 p.m. Saturday.

The watch is believed to have been taken from his wrist by the killer, who also emptied Emery's pockets.

The auto being sought is the one that took him to his parked car at the Illinois Central Railroad yards in East St. Louis after he had returned to St. Louis on a passenger train Saturday evening. He had \$2 with him when he left Friday night, assigned to a freight train to Pinckneyville. He often returned when there was a long stopover on a freight shipment.

If the railroad man took him to the parking area can be located, it is hoped to question him as to a robbery, some circumstances that may provide a clue to the killer's identity.

The theory is that a robber somehow entered Mr. Emery's car as he was driving the approximately five-block distance from the rail yards to the point where he was found. He was seen driving alone from the parking lot, located near the 20th street crossing.

Police Chief Raymond Willard said that a robbery attempt failed. The initial knife attack with the Madisonian momentarily escaped but failing in an effort to climb the nearby fence, police said.

He suffered a stab wound in the back of the neck, another in the left lower back near the spine, a three-inch slash on the left forearm near the wrist, a superficial laceration on the right forearm.

## GC Clubs Pledge To Museum Drive

Granite City contributions to the \$40,000 fund to buy and renovate an Edwardsville home for a county historical museum are being reported today by Mrs. Vernice Wortman, president of the B&W Club, who is spearheading the \$40,000 fund drive here.

Latest groups to pledge are the Theta Phi of Theta Sorority, the Daybreak-Twilight Opt-Mrs. Club, Lesche Literary Club and the Auxiliary of the City American Legion Post 113.

Mrs. Wortman said a tabulation of donations will be made later this week for an initial report.

A report from county-wide campaign headquarters at Edwardsville Saturday listed the \$1000 donations as "founders' gifts." They were by an anonymous donor from Highland and by Albert and Arnold Casens and Sons, Inc., Edwardsville. Two banking institutions in Highlandville also have donated \$1000 each.

## Stoever, Miller Retire; 75 Years With GC Steel

Two well-known Granite City men—Alfred C. Stoever and William B. Miller—were honored with retirement parties last week upon leaving Granite City Steel Co. After a combined total of 75 years service with the firm.

They retired Friday at 65, the normal retirement age under the company's pension plan for salaried employees.

Both men, who also have held elective public offices, plan to travel and enjoy themselves during their retirement.

Stoever, director of utilities at the plant, and his wife are planning tours both inside and outside continental USA; while Miller and his wife will leave shortly on a trip to the west and plan to spend winters in Florida. Both families plan to continue living in Granite City. The Stoevers live at 2720 State street and the Millers at 2228 Waterman avenue.

Stoever started with the firm in 1927 upon graduating from Purdue University. He was then power engineer. Stoever served on the Granite City grade school board for nine years from 1935 to 1944. Not to the new, sheer 15-denier nylons that are above like! Cameo End/Run stockings have a unique stitch that will not permit the leg-length runs so common in ordinary stockings. It's the "end" of lengthy runs! (Oh yes, you can get a snag-and-hole in them, and—if you really try hard—a tiny run.) But with customary care, you'll find these Cameo End/Run stockings rule out regular runs. Subtle, streak-free matte finish; cooler, more colors for flattery.

### Hollis Takes Three Firsts in Modified Racing Saturday

Granite City's Dave Hollis cleaned up in Saturday night's program of stock car racing at the Tri-City Speedway, winning three events in the modified class.

The night's fastest qualifiers, Hollis first captured the handicap race for the state's fastest qualifiers, followed with a heat race win in the modified class, and then took the night's final feature event on the half-mile track.

Chuck Lynch and Bob Putterbaugh were the 2-3 finishers in the modified feature. Lynch won the second modified heat race.

The amateur feature was won by Tom Pritchett, with Bob Laycock second and Clarence Corbin third. Putterbaugh and Bud Parsley were amateur heat race winners.

Bob Jones won the fender feature, followed by Bill Hendon and Harvey Nichols. George Gruenfelder and Leroy Jensen won fender heats. Several track crashes and one overturned car spoiled the Saturday program, but no injuries were reported.

### Second In Feature Race

George Gruenfelder of Madison finished second in the fender class feature race last night at the Springfield Speedway. He also won a preliminary heat race in the same class.

## Redmen Meet Sreater Thursday; Need 3 Victories To Claim State Prep Title

Right-hander Charlie Papp (18-2) was named today as the probable starting pitcher for the Thursday afternoon game at Peoria which will mark Granite City high school's first bid for a state baseball championship in 15 years.

Papp, who gained credit for Thursday's 5-4 win over Springfield Griffin in the sectional finals at Stouten, with some help from southpaw Terry Kofahl, will oppose Sreater (11-5) in a 2 p.m. game Thursday.

Sreater won the sectional title at LaSalle-Peru Saturday with a 6-4 decision over Moline after edging Armstrong 5-4 in the 10-inning semifinal Friday afternoon.

The two-day tournament will open at 9:30 a.m. Thursday with Shurz, the Chicago Public League playoff champion, playing the hottest club in the finals, Danville, winner of 18 straight games.

At 11:30 a.m. Thursday, Peoria Central, the Canton section finalist, will meet Main West, winner at East Rockford.

The 2 p.m. Warriors' sectional contest will be followed at 4 p.m. Thursday by the final round games. Duquoin sectional champion, Lockport (15-2), winner at Berwyn (Morton West).

Friday Morning Semifinal: A Warrior victory Thursday would move Coach Joe Pedra's club into a Friday semifinal contest with the Mount City, Lockport winner at 11:30 a.m.

Kofahl is Pedra's choice to lead Granite City in the sectional game. Thursday should Papp need help.

A win in the morning against the upper bracket survivors would give GCHS (23-8-1) an afternoon shot at its first title since 1948, when Coach (now GCHS principal) Lawrence McCauley's club beat New Athens 4-1 in a nine-inning tie game. The Friday final is at 4 p.m.

Papp Stronger  
"Papp is stronger physically than Terry (Kofahl), and would be the one you'd have to count on to come back in the third game," Pedra said.

"Of course, if Charlie gets into trouble in the first game, we'll call on Terry. And don't forget we have two other pitchers on the staff," the GCHS coach continued.

"We haven't used (Pat) Harris because Charlie and Terry have been able to get the job done for us, but I have all the confidence in the world in Pat. He's there if we need him, and so is Larry Dillard."

"We'd like to have used both of them in tournament play," Pedra added, "but the opportunities just didn't present themselves."

Harris has not appeared in a tournament game this year. Dillard, who can play shortstop and who delivered a game-tying double in the sectional game with Edwardsville, is a junior like Harris. Kofahl and Papp are both seniors.

To Peoria Wednesday, Pedra called a complete halt to practices over the weekend, but the Warriors will work out today, Tuesday and Wednesday. They will depart for Peoria about 2 p.m. Wednesday and stay overnight in Peoria, where a movie and an early bedtime for everyone are on the agenda.

"Frankly, we didn't play good ball in the sectional," the Warriors' mentor commented. "At least, not the kind of ball we played at Roxana (in the regional)."

"We made some mistakes—allowing Griffin to pull off the double steal was the big one—at Stouten, and we'll also build up on a few other things this week."

One phase of the Warriors' game—moving the runner along with the sacrifice bunt—drew favorable comment from Pedra.

"That's one thing we've done real well all through the tournament games," he said.

"The Warriors, who haven't given their followers a dull moment since tournament play began three weeks ago, mustered a 10-0 victory in a typical grudge Thursday before a large Memorial Day crowd at Stouten, 5-4."

Accustomed to making their own breaks by this time, the Redmen cashed in on three errors by the Griffs, who had been a come-from-behind ballclub in winning the Jacksonville region's championship.

Thursday's sectional final, pouncing host Stouten 8-1 the previous afternoon.

Griffin cracked under the pressure Thursday night, but the Warriors' lead, which was made up for all the soggy diamonds and rainouts experienced earlier by the opposing clubs.

AND ONE TO GO. Granite City high school baseball pitcher Terry Kofahl (left) and Charlie Papp display sectional trophy presented to the school Thursday at Stouten. Papp combined to win six games in a row in tournament competition. They will be Warriors' 1-2 mound crew when the team makes its bid for a state trophy in Peoria beginning Thursday morning.

Hamende to streak across the plate ahead of Frizzell's return throw to the plate.

But GC rebounded in the fourth with two runs on three hits and a costly mistake by Dausko.

Papp bounced a leadoff single through the left side, but was almost doubled off when Hamende made a fine catch.

Frizzell's bid for a base hit into right. Lee followed with his second straight hit, Papp stopping at second.

Dausko then tried to pick off Papp at second, but the throw was high and the runners moved. The Springfield pitcher walked Hoffman to load the bases.

Frizzell's follow-up fly to left was deep enough to score Papp.

Out At Plate  
Bob Ketter singled home Lee with the second run of the inning but Hoffman, also trying for the plate, was cut down by Bill Nonnenman's perfect throw from centerfield.

Back to the Griffs, and it was GC's only error that contributed to a two-run tying rally in the fifth. Lennie Kuntz's roller hit past Frizzell at short.

Papp, a little unnerved by the error, wild-pitched Kuntz to second and gave up a single to Dausko which put runners at first and third. Dausko proceeded to hitpe second and, after Papp got Hamende on strikes and Hull on a foul pop to LeVault, Bob Michioletti delivered a clutch single to score both runners and tie the score 3-3.

Bad Throw Costs  
It was Griffin's turn to commit the miscue, one which probably cost them the ballgame.

Bob Karandjoff opened the home half of the fifth by drawing a walk. LeVault, carrying a hot bat in tournament play, followed with his second hit, a single to right. Nonnenman's throw to third in an attempt to catch Karandjoff bounced away into the crowd.

The umpires allowed Karandjoff to score and awarded LeVault third base, ruling that he had been on his way to second when the play occurred at third.

Taylor fled to short, and LeVault had to hold third. Then Papp bounced to Bob Bander at

## Boat Launching Site Construction In July

Construction of concrete boat launching facilities near the mouth of the Hartford canal, near U. S. Route 674 north of Granite City will begin soon after July 1, according to William T. Lodge, director of the Illinois Department of Conservation.

Lodge said lack of funds has prevented an earlier beginning of construction. The conservation department has obtained a lease on property at the launch site, and state engineers have completed a survey and installation plans, he added.

third, Bander held the runner, but his throw to first was in the dirt for another error and LeVault scored the decisive run.

The Griffs were not through. After Bander had popped to Hoffman to open the sixth, Papp walked Nonnenman, wild-pitched him to second and had a 2-0 count on Paul Bonansinger when Fedwa motioned for Kofahl, who had pitched 8 2/3 innings only Tuesday in the four-hour donnybrook with Edwardsville.

Bonansinger lined Kofahl's first pitch to center, scoring Nonnenman and cutting GC's lead to 3-4. But the sure-handed GC infield prevented further damage.

4th One-Run Victory  
Kuntz bounced into a fore play and Dausko went out, second to first. Dausko made out, 11-2 pitches to retire GC in the sixth, and the 26-3 Griffs made victory noises again in the seventh.

Hull greeted Kofahl with a single, but Michioletti forced him at second as the Warrior infield again picked off the lead runner, but Michioletti took second when Kofahl's pickoff throw to first went wild.

Terry then came up with a strikeout of John Voogdes, and Lee squeezed Bander's pop fly to end the game, the fourth in tournament play which Granite City has won by one run.

## Sportsmen's, Polish Hall Keep Winning In Tavern League

Polish Hall and Sportsmen's Club remained unbeaten in Sunday burning Tavern slow-pitch softball play yesterday, but Bowland was topped in eight innings by Liberty Home and fell from a three-way tie for first place in the eighteen league.

Liberty Home's first victory of the season came on Norm Meyer's eighth - inning homer which broke a tie and boosted Liberty Home to a 6-5 decision. Frank Modruse was the winning pitcher, and Ray Hoffman the loser. Frank Scarsdale homered for the losers.

Puller Hall polished off Venice-Madison Legion Dugout 9-4. John Crmickovich homered for the winners, as Stan Serwatka picked off his fourth win.

## Long Ball Helps MBC, Baptists To Classic Wins

The long ball with runners on base was decisive in Classic Softball league wins for Madison Bowling Club and Second Baptist Thursday night at Wilson Park.

MBC's Bob Kraus drove in seven runs with a bases-loaded triple and a grand-slam homer in the first game as the Bowling Club outslugged Union School 11-7.

And Norm Hessler's bases-loaded triple highlighted an eight-run first inning for the Baptists, who scored an easy 15-0 win over the GC Oilers in the second game which went five innings.

Winning pitcher Ray Watson of Second Baptist, who allowed just one hit, also took a hand in hitting, driving in the winner's final two runs with a triple. Lower George Lloyd gave up nine hits, but the Oilers also committed eight errors.

Kraus tripled home three runs in the second inning for MBC, and then broke up a 7-7 tie with his slam in the eighth after Union School had rallied to score four runs without a hit in the fifth.

Evans Mank pitched three-hit softball for MBC to gain the win. Loser Bailey Walker was tossed for 10 safeties and his club was guilty of nine miscues.

## Credit Union Wins Pair From Gillespie Saturday

GC Steel Credit Union won both games in an exhibition softball doubleheader with Gillespie Saturday night.

The Credit Union managed just one hit but scored a 3-0 win in the first game behind Jack James' four-hit, Piv Gillespie errors led to all the Credit Union's scoring.

The second game, won 5-4 by the Granite City team, went only five innings due to the lateness of the hour. Paul Hopper was the winner, with James relieving in the fourth.

## Harrell-Fischer Nuptials

### Saturday At Edwardsville

The wedding of Miss Mary Lou Fischer, a daughter of Mr. and Mrs. Kenneth Fischer of Edwardsville, and Ray A. Harrell, whose parents are Mr. and Mrs. Robert Harrell, 4753 Warnock avenue, took place Saturday morning at St. Boniface Roman Catholic Church in Edwardsville.

The Rev. John Spreen officiated at 11:30 and the wedding breakfast was held at the Rose Bowl in this city, followed by an evening reception at the YVW hall in Edwardsville.

The bride's father gave her in marriage. She wore a floor-length gown of deep lustrous satin and re-embroidered lace. It was styled with a lace bodice, a portrait neckline and three-quarter sleeves. The bouffant skirt featured a panel front and back edged with lace, iridescent sequins and pearls. The bride's veil was held in place with a crown of seed pearls and crystals and she carried an arrangement of gardenias and ivy.

Mrs. Don Lange was matron of honor, serving with a bridesmaid, Miss Judy Vuagniaux, and David White, a cousin of the bride, ring bearer. The gowns of the attendants were fashioned of hyacinth blue silk organza. Street-length, they were cut in square necklines and the skirts were semi-full. Head pieces of cut gown of white satin organza having cap sleeves and a fitted bodice, adorned with satin banding and tiny pearlized flowers. A splendid bouffant veil of imported illusion was secured to a head-dress graced with the same pearlized flowers. She carried a cascade bouquet of white tulips.

The bride's cousin, Miss Lola Supp of Springfield, was maid of honor. She was attired in white Chantilly lace over tulle, a white headpiece securing her veiling. She held a bouquet of white snow-drop carnations.

Mrs. Crawford was in a blue dress, with white accessories and white pearl Cymbidium orchids. The groom's mother, in white brocade satin, wore champagne-colored Cymbidium orchids.

The groom was attended by Donald P. Rouland. The bride's brother, Wayne Crawford, and the groom's cousin, Lane Wilton of Lebanon, served as ushers.

Following the ceremony, Mr. and Mrs. Crawford and the guests at a reception in the church parlor. Miss Inger Karlson, of Saltville, Norway, and Miss Dianne Wiley of Palmyra, poured. Miss Donna Burden of Greenville was in charge of the guest book.

The former Miss Crawford, an American Field Service exchange student to Norway in 1961, was graduated with valedictory honors from the Greenville high school of Chatham, Ill. She and Mr. Moore are students at Illinois College in Jacksonville. They will be at home at 2420 Edison avenue until September, when they will resume their studies.

## Moore-Crawford Nuptials At Smith Grove Baptist Church

Miss Janet Sue Crawford, daughter of Mr. and Mrs. William D. Crawford of Vandalia, and Thomas Enley Moore, son of Mr. and Mrs. John McCabe Moore, 2420 Edison avenue, were united in marriage Friday evening, May 31. The candlelight service was performed in the Smith Grove Baptist Church near Greenville by the Rev. Mr. Charles P. Owen, a cousin of the bride.

The altar, decorated with white stock, white plastic tapers and candy tuff, was lighted by tall tapers in wrought iron branched candlesticks. Miss Janet Moore, sister of the groom, played a program of wedding music before the service, and the traditional wedding marches. Miss Crawford wore a simply-

## Jacquot-King Wedding Takes Place At St. Joseph Church

Miss Janet Helen King, became Mrs. Roland Patrick Jacquot Saturday morning in a ceremony taking place at 11 o'clock at St. Joseph's Roman Catholic Church with the Rev. Charles Mulenore officiating in a setting of white flowers and greenery.

The bride is a daughter of Mr. and Mrs. Lester Martin, 710 North 27th street. Mr. Jacquot is a son of Mrs. Alvina Jacquot, 7 Drew place, East St. Louis.

Mrs. Francis Judd presided at the organ. Her husband was soloist.

The wedding gown, floor-length, was fashioned of Chantilly lace and tulle. The bodice, into which was set three-quarter length sleeves, had a scalloped neckline and the front of the dress was formed of four tiers of ruffled and scattered with sequins. A bouffant, imported illusion veil was attached to a crown of pearls and aurora borealis crystal earrings and the bride carried a white orchid surrounded with white carnations and stephanotis. Mr. Martin gave his daughter in marriage.

Mrs. Gale McFarland, a sister of the bride, a cascade bouquet of white tulips.

Mrs. Linda Jacquot, the bridegroom's sister, and Miss Judy Morgan of Okaville, Ill., bridesmaids, were dressed alike in lilac nylon organza over tulle. They featured floral embroidery hued to match at the waist. The skirts were accented with bows in the back and matching floral headpieces and small bouffant veils were of lilac. Their flowers were cascades of yellow carnations.

Cheryl Lyn Hunt and Todd McFarland, the latter a nephew of the bride, served as flower girl and ring bearer. The former wore a frock of white lace over tulle with a white headband and veil and carried a small bouquet of white and yellow carnations.

Daniel Schwab of Belleville, was best man and Larry King, the bride's brother, William McFarland, a brother-in-law, Norman Zimmerman of Duquoy, and Bill Hawkins of St. Louis served as groomsmen and ushers.

For her daughter's wedding Mrs. Martin wore a sheath dress of teal pink embroidered silk organza over tulle and pink accessories. Her flowers were white carnations tipped with pink. Mrs. Jacquot was attired in a nylon sheath over tulle with white accessories and a corsage of white carnations.

A breakfast was held at the Rose Bowl and dinner at the home of the bride, followed by an evening reception in the 300 Room of the Big Top Bowl.

The bride was graduated from the Granite City high school and attended Southern Illinois University where she was a member of the National Honor Society. She has been employed in St. Louis. ## Ways to Save on Home Repairs

By ALLEN JESSEE  
Vice-President - Granite City Trust and Savings Bank

This is no do-it-yourself column, but there are many ways in which you can cut down your portion of the billings now being sent each year on seemingly small home repairs. Our researchers have dug up some of these and I'd like to pass them on to you.

One of the biggest is to save the service man what I call "bumming time". You can do this if you know about the construction of your house. Many expensive labor hours can be saved if the workman doesn't have to spend time hunting for the plumbing shut-off valves, fuses, circuit breaker, and so on. Often he must knock down walls and dig up gravel to find what he needs. Somebody has to pay for that time.

So check to see if you have the plan and the house blueprints. They'll save you dollars. If you don't have them, get them from the builder, architect, or former owner. And, if you own a house, get the plan and the blueprint from the builder or the architect. They'll save you dollars.

In fact, knowing these service needs and the expense of your equipment—such as water heater, refrigerator—can save you from expensive emergency calls, often prevent serious damage. Keep the instruction leaflets where you can find them, and watch also for impending need for parts replacement—like a water belt on a motor-driven unit—which could damage the whole unit. Cleaning and oiling twice a year is a money-saving practice, too.

This brings us to the next big dollar-saving method: inspecting. Prevent large bills by catching repairs when they're small. You know how a small fire could have been put out with a cup of water if they'd caught it early enough.

NOTE: For financial assistance or banking services, you are cordially invited to consult Mr. Jesse or any of the other officers of Granite City Trust and Savings Bank, 1909 Edison Avenue. Hours: 9:00 to 2:00—Monday thru Thursday. Friday 9:00 to 1:00 and 4:00 to 7:00. Telephone—Triangle 6-1212.

Here's a good checklist to follow. Twice a year inspect for defects: decayed or termite-infested woodwork; breakage and corrosion of roof and roof flashing; gutters and downspouts; TV antenna, masonry. Inspect beams and attic for moisture damage, fire hazards. Look for plumbing leaks and clogging, and defects in them. Every few months inspect the fuse box, appliances, cords and plugs for wear and damage. Once a year look over your foundation, heating and cooling system, painted areas and close-to-the-house growth. This last is important. Lump all your related jobs together, so you only pay for a single service call. Before a preventive inspection I mentioned. Take several bids on larger repair jobs. Get estimates on unplanned extras after work begins. When calling any service man, give vital facts about the problem and model number. Result: save time and money. He can bring the right parts first. Try. Consider replacements instead of repairs, for they often cost you less. Finally, do the unskilled part of a repair job yourself before the workman arrives—such as readying a room for painters. You'll save expensive man-hours. If you move and cover furniture, remove wall decorations and electrical plates, patch blemishes, and so on. You don't need to be an expert to take the pictures off your wall—Adv.

## No Public Response On Airing Of Teacher Issue

No formal comment is planned by Granite City school officials on a published article saying that three teachers have been fired.

In public action, the school board has re-employed all three non-tenured teachers for 1963-64, but has not publicly identified the three nor said why they were not retained; private notices were sent to them in order to avoid damaging their prospects of employment elsewhere.

It has been disclosed that the decision was based on the recommendations of administrators having supervision over the teachers. State law provides for evaluation of instructors as a basis of determining whether they should be placed on tenure after their initial employment.

On tenure, they have permanent job security except in instances of extreme conduct. The law requires hearings on firing of tenured teachers. No hearings are provided for non-tenure employees not chosen for permanent positions.

Hearings have been sought by two individuals in letters to the school district and by American Federation of Teachers Local 743 President John Mullen. He says union activity by the teachers was a factor in the board's action. He also said that the school administration explained at hearings why they were fired.

It is contended that the teachers have proper certification, that some administrators favor the retention of the employees and that there was insufficient observation of their teaching.

Some of the teachers are Harry Wade, Robert Holten and Harvey Kopsky and said that the school board had a Board Member Ronald Dillard at the June 11 meeting.

501  
NYLON**

INCREDIBLY STRONG . . . Tough, durable . . . no fiber can outwear nylon. And no ordinary nylon carpet fiber can test the strength of DuPont 501 nylon. DuPont 501 nylon is a continuous filament textured yarn that retains nylon's full strength. RICHLY LUXURIOUS . . . You have to feel the lush depth underfoot! You have to see the rich surface . . . its fabulous new depth and clarity of color! Carpet of DuPont 501 nylon pile is like no carpet you've ever owned. It has warmth and softness that is unbelievable.

RESISTS FUZZING AND PILLING . . . DuPont 501 nylon is a continuous filament nylon, with no short loose fibers to pill up or fuzz. That's why carpet of DuPont 501 nylon doesn't shed.

RESILIENT . . . Step on it. Jump on it. Carpet of DuPont 501 nylon keeps coming back for more! The resilient nylon yarn springs back, resists matting and retains its luxurious texture.

EASY TO CLEAN . . . Because the smooth, non-absorbent DuPont 501 nylon yarn resists dirt and dust, soiling stays right on the surface where you can whiz it off with the vacuum cleaner. Spills are no catastrophe either. Just spot clean with a detergent and water.
